

CPD LAB NEWSLETTER

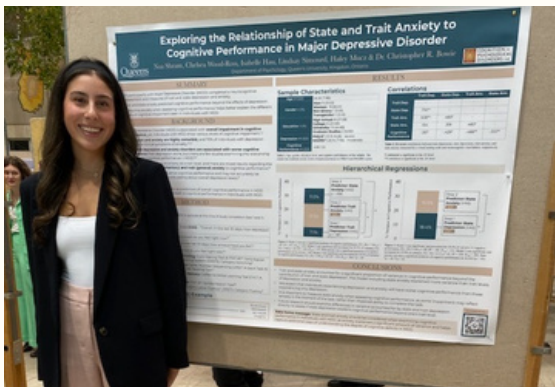

Welcome Yelyzaveta Kovalenko!

Liza is a Globalinks research award-funded summer student from Ukraine. She is involved in developing psychoeducational materials for family members of individuals experiencing psychosis.

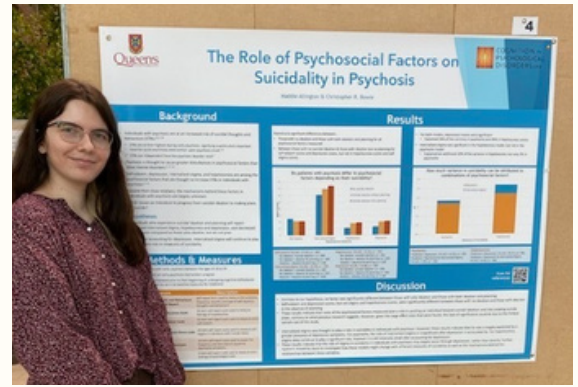

Congratulations Stephanie Woolridge!

Our PhD student Stephanie has been successfully matched with an internship position at the Royal in Ottawa. We wish her the best of luck!

Thesis Poster Presentations

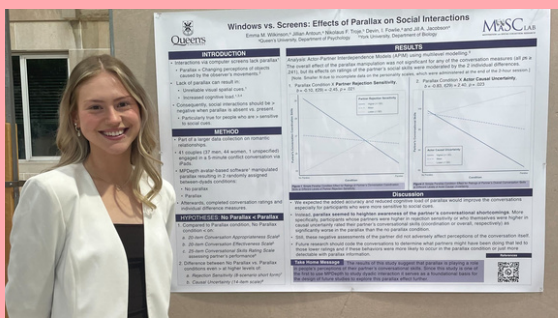

Thesis student Noa Shram presented her research on state and trait anxiety and cognitive performance in major depressive disorder.

Thesis student Maddie Allington presented her research on the role of psychosocial factors on suicidality in psychosis.

Presentation from CPD Lab Members

Emma Wilkinson

Thank you CPD Lab Students!

Thank you for all your time and effort to the wonderful students who are leaving the CPD lab this year. We wish you the best of luck in the future!

Maddie Allington, Isabelle Hau

Welcome summer students!

Welcome to our Summer Work Experience Program (SWEP) students Bingyi Lin and Abigail Wiliszewski

NEW RESEARCH STUDIES!

Depression Studies

ACED

A longitudinal study examining recovery from and recurrence of depression

DECAF

An ecological momentary assessment study examining mood and everyday functioning in depression

ENCODE

A study examining cognitive abilities and everyday activities in individuals with depression

Psychosis Studies

iCog

A study looking at the helpfulness of remote interventions in improving cognitive abilities for people with schizophrenia or psychosis

CARE

A study examining people's experiences with interpersonal relationships, sexuality, and well-being within the context of psychosis
